Mobile Charger Motorcycle Dual USB output ports with samsung charging cable

RED WIRE : CONNECT (+) CONNECTOR TO HEAD LIGHT BLACK WIRE : CONNECT(-) CONNECTOR TO HEAD LIGHT

This 5V USB Dual output ports Motorbike Charger charges mobile phones and other USB devices at very high speed while you are driving motorbikes. It's unique features like waterproof, high speed charging, theft proof, short circuit protection, flexible fitting for all types of motorbike handles, environment friendly, ignition ON/OFF charging makes it a valuable product for all motorbike and mobile phone users. Any bike repair shop mechanic can easily fit the charger on motorbike and connect it with ignition wire or battery. All installation details and instructions are mentioned in the manual.

Once it is installed on motorbike then you may charge your mobile & other USB devices with USB cable. It's small and so much light weight that when you have parked the motorbike you can easily remove the charger from motorbike handle and keep it in your pocket which makes it theft proof. With its short circuit protection feature you and your bike is 100% safe while charging devices. So with Belifal's Mobile charger Motorbike USB dual ports you never get stranded with a dead battery again !!
